Punjab	<ul style="list-style-type: none"> • District level trainings of HDU/Isolation/Quarantine staff underway
KP	<ul style="list-style-type: none"> • Consequent to measures taken for strengthening, laboratory has doubled its testing capacity
AJK	<ul style="list-style-type: none"> • Contact tracing of confirmed cases done. 50 samples from Mirpur and 40 samples from District Bhimber were taken and sent to NIH
GB	<ul style="list-style-type: none"> • Involvement of WHO staff to provide support in terms of data management at district level

Risk Communication Message:

- Clean hands regularly with an alcohol-based hand rub, or wash thoroughly with soap.
- Clean surfaces regularly with recommended disinfectants (70% Ethyl Alcohol or 0.5% bleach solution).
- Avoid touching eyes, nose and mouth with contaminated hands.
- Practice respiratory hygiene by coughing or sneezing into a bent elbow or tissue and then immediately dispose off
- Wear a medical/surgical mask if you have respiratory symptoms and perform hand hygiene after disposing off of the mask
- Maintain a minimum of mandatory two meter distance from individuals with respiratory symptoms.
- Healthcare workers are required to select and use appropriate PPE.

Administrative controls

- Ensure the availability of IPC resources such as PPE, appropriate infrastructure, clear IPC policies, access to lab testing, triage and patient placement, adequate staff and training of the staff.

Environmental and engineering controls

- Stay in ventilated rooms
- Clean the surfaces with recommended disinfectants.

Social Behavior Change:

- Practice social distancing, particularly from individuals showing respiratory symptoms.
- Avoid mass gatherings like weddings, cinemas, crowded shopping malls and restaurants.
- Avoid gathering of more than 10-20 persons.
